PLAYING THE GAME

BEFRIENDING ANIMALS

Animals can be shy - be careful not to scare them off! Sing with them calmly and find the right tone to harmonize and befriend the animal. You cannot befriend adult animals until you learn to speak their language, so you may have to come back later.

GUIDE BIRD

If you have befriended a bird it can guide you. Sing as loud as you can for a few seconds and the bird will come to you. Sing again and it will show you your next objective.

SAVING

Your game saves automatically as you play the game. You can have three different save games which are accessed from the main menu.
