WELCOME TO FORTUNE VALLEY

Fortune Valley: where scorching pavement, crooked hierarchies, and a vibrant street racing scene await you.

THE CREW

What the crew lacks in power and influence they make up for with loyalty, tenacity, and talent on the road.

TYLER MORGAN – THE RACER

Age: 24

Talent: Street Racing

Initial Car: Nissan Skyline GTR V-Spec R34

Tyler Morgan is a born racer who cares about two things above all else: racing and his crew. After he was betrayed by Navarro six months ago, he has been forced to work for the Gambler's casino. He is the heart of the crew, giving them the passion and purpose necessary to complete their goal.

SEAN 'MAC' MCALISTER – THE SHOWMAN

Age: 32

Talent: Drift & Off-road

Initial Car: Chevy Bel Air

Sean 'Mac' McAlister, a London native, is the crew's drift and off-road racer. Mac not only brings enthusiasm and passion to his crew, but also wisdom and honesty. While he may seem happy-go-lucky and carefree, his driving is anything but. Precise and daring, Mac shines behind the wheel.

JESSICA MILLER – THE WHEELMAN

Age: 27

Talent: High-Speed Chases

Initial Car: BMW M5

Jessica 'Jess' Miller is focused, driven, and always keeps her cool—qualities that make her an excellent getaway driver for hire. Raised in the criminal underworld, Jess is selective in where she puts her trust. Professional, level-headed, and astute, Jess offers foresight and sound guidance no matter how perilous the situation.

RAV – THE ALCHEMIST

Rav is the crew's master engineer. Severely injured by Navarro when she betrayed the crew six months ago, Rav has since withdrawn to Airfield 73, an abandoned military airfield in the desert where he devotes himself to perfecting his custom engines. Rav must often be the crew's voice of reason.

THE HOUSE

A street cartel run by the Collector, the House is quickly taking control of Silver Rock's casinos, criminals, and cops. The House rules the streets and the drivers who compete on them, rigging races and taking a portion of the winnings. While they claim to be bringing order to Silver Rock, their true intentions are anything but noble: these wealthy criminals want nothing but power, money, and entertainment as they play with the lives of Silver Rock's racers.

LINA NAVARRO – THE FIXER

Lina Navarro betrayed the crew six months ago, letting Tyler take the fall. She is now the public face of the House and follows their orders ruthlessly. Lina is an intense woman with a fiery temper, and a true force to be reckoned with on the road. While the crew works to take down the House, revenge against Lina is their ultimate goal.

THE COLLECTOR

The leader of the House is a man known only as the Collector. His real name and face are unknown, but his influence is felt all over Silver Rock. The Collector sees the world as an arrangement of toys for him to collect; he especially enjoys collecting cars, but since he lacks the skills to drive them, he mounts them on the walls of his penthouses. When Navarro suggests taking control of Silver Rock's street racing scene, he leaps at the chance to add one more toy to his vast collection.

MARCUS WEIR – THE GAMBLER

The Gambler is one of the few shady figures in Silver Rock who isn't under The House's control. Tyler, to avoid jail time, has been working at the Gambler's casino as a valet driver.

COP CHASE

When the cops start chasing you, you're going to have to make a break for it. The cops will try to slam you into walls or off the road, or pin you to prevent you from moving. To escape, you'll have to dodge and maneuver your way out of sight—and take down the cops you can't shake.

KILL-SWITCH

Tech Cars can kill-switch your car—if that happens, your car will be hacked out of your control. Hacking impairs your vision and control, so be sure destroy the Tech Car or drive out of its range. If your car is successfully kill-switched, the Tech Car will force your handbrake to engage.
